

Symposium on Medical Physics

Thursday, 11th of February 2010

Dept. of Radiotherapy and Radiology
University Medical Center Utrecht

The department of Radiotherapy and the Image Sciences Institute are pleased to invite you to attend the on-site symposium to inform you on the career perspectives in medical physics

Program

- 13:30 Introduction
- 13:35 Research at the Radiotherapy department
- 13:50 Research at the Image Sciences Institute
- 14:05 Research at the 7Tesla MRI
- 14:20 **Coffee break**
- 14:45 MRI accelerator combination: dose measurements
- 14:55 Salivary gland sparing: treatment and imaging
- 15:05 MR-guided high intensity focused ultrasound
- 15:15 MRI a *hot* topic
- 15:25 Working as a medical physics resident
- 15:35 Tour around the department
- 16:30 **Drinks**
